

NURSES DAY AT THE LEGISLATURE

- ❶ **Support Registered Nurses:** NNA will strongly support the essential role that Registered Nurses play in care delivery in all settings.
- ❷ **Support Healthcare Access:** NNA will influence access to safe, cost-effective, quality healthcare services through NNA participation in local, county, state, and federal decision-making bodies.
- ❸ **Support the Future of Nursing:** NNA will support activities which are implemented to advance the goals outlined in the 2010 Institute of Medicine Report, “The Future of Nursing”
- ❹ **Support Scope of Practice:** Removal of barriers that negatively impact nursing’s scope of practice, for both RNs and Advanced Practice Registered Nurses (APRNs)

YEAR OF THE NURSE
2020

LEAD • INNOVATE • EXCEL

ANA  ENTERPRISE

The World Health Organization (WHO) designated 2020 as the Year of the Nurse and Midwife to advance nurses' vital position in transforming healthcare around the world. It also is in honor of the 200th anniversary of Florence Nightingale's birth.
